PROJECT DIVERSITY

...with the 'skeleton structure' of the LITHRONE S40 - we're running stock from *paper-thin* [70LB] text to 1mm [40PT] board for packaging.

**PRINT YOUR CATALOGS and
PACKAGING LOCALLY.**

**MORE SPACE, & SAVE TIME ON PRESS
BETTER SERVICE & AT PRESS CHECKS.**

...improving your Essence experience - we have installed the new Komori forty inch LITHRONE S40 press that delivers faster prep time for press checks, rapid changeover allowing immediate uploads for next run, and a larger printing surface able to produce bigger projects.

**GREATER PRODUCTIVITY RUN MORE JOBS
MORE OFTEN.**

...with the addition of the LITHRONE S40 - Essence has increased capabilities and running capacities - virtually running automatically.

**FASTER TURNAROUND PRINT JOBS FASTER
THAN EVER.**

...with twice the sheet size - a single pass delivers printed materials twice as fast.

**COLOR STABILITY LONG-RUN COLOR
CONSISTENCY.**

...long-run color consistency has been an industry issue since the beginning. We've invested in equipment that virtually eliminates color fluctuation.

**PROTECT RESOURCES HELP KEEP THE
PLANET GREEN.**

...technologically improved configurations reduce make ready waste and eliminate many harmful chemicals.

...making exceptional impressions for you
